II. Descriptions of Alcohol Related Program Elements

Johnston Community College offers an alcohol and substance abuse program designed to raise awareness across the campus about policies governing alcohol and drug use. Major program elements include:

Alcohol and Drug Policy

The college has developed the following alcohol and drug policy to demonstrate our continued commitment to a drug-free environment. This policy was revised and approved by the Board of Trustees on May 14, 2009. The specifics of the policy are published in the college’s Personnel Manual (PM 2.17) and outlined below.

General Policy

The users of drugs or alcohol may impair the well-being of all employees, the students and the public at large; drug and alcohol uses may also result in an injury or damage to College property.

Therefore, the unlawful manufacture, distribution, possession or use of a controlled substance or of alcoholic beverages shall be prohibited while in the workplace, on College premises or as part of any College sponsored activities.

Any employee violating this Board Policy shall be subject to disciplinary action up to and including termination and referral for prosecution.

Policy Provisions

Drug Usage

The College shall not differentiate between drug users, drug pushers or sellers. Any employee who possesses, uses, sells, gives or in any way transfers a controlled substance to another person, or manufactures a controlled substance while in the workplace, on college premises or as part of any college sponsored activity, or reporting to work under the influence of alcohol or illegal drugs or any other substance, legal or otherwise, that may impair the employee’s ability to
perform their job shall be subject to disciplinary action up to and including termination and referral for prosecution.

The term "controlled substance" shall mean any drug in 21 CFR 1308 and other federal regulations, as well as those listed in Article V, Chapter 90 of the North Carolina General Statutes. Generally, these are drugs which have a high potential for abuse. Such drugs shall include, but are not limited to: Heroin, Marijuana, Cocaine, PCP, "Crack," Methamphetamine and any other hallucinogenic, narcotic, synthetic or illegally manufactured substances. They also include "legal drugs" which are not prescribed by a licensed physician.

Any employee convicted of violating any criminal drug statute while in the workplace, on College premises, or as part of any College sponsored activity, shall be subject to disciplinary action up to and including termination.

Johnston Community College reserves the right to require an employee to submit to an alcohol/drug test at any time there appears to be reasonable cause or suspicion that the employee may be under the influence of alcohol, illegal drugs, or other intoxicant. This includes, but is not limited to observations by college officials of apparent workplace use, possession or impairment. Reasonable cause or suspicion may also include post accident testing resulting in the employee receiving medical treatment or being involved in a property damage accident resulting in more than minimal damage. Also, the College may require the employee to successfully finish a drug abuse program sponsored by an approved private or governmental institution as a precondition for continued employment by the College.

The Vice President of Administrative Services shall be consulted before sending an employee for testing.

Each employee shall be required to inform the College, in writing, within five (5) days after being convicted for violation of any federal, state or local criminal drug statute where such violation occurred while in the workplace, on College premises or as part of any college sponsored activity. A conviction shall mean a finding of guilt (including a plea of nolo contender) or the imposition of a sentence by a judge or jury in any federal or state court.

**Federal Grant Provisions**

Convictions of employees working under federal grants, for violating drug laws in the workplace, on College sponsored activity, shall be reported to the appropriate federal agency.

The Human Resources Officer shall be expected to notify the U.S. government agency, with which the grant was made, within ten (10) days after receiving notice from the employee or otherwise receives actual notice of a violation of a
criminal drug statute occurring in the workplace.

The College shall take appropriate disciplinary action within thirty (30) calendar days from receipt of notice. As a condition of further employment on any federal government grant, the law requires all employees to abide by this policy.

Students employed under the College Work Study Program shall be considered to be employees of the College, if the work is performed for the College.

For work performed for a federal, state or local public agency, a private nonprofit agency or a private for-profit company, students shall be considered to be employees of the College unless the agreement between the College and the organization specifies that the organization is considered to be the employer.

The service, possession and consumption of alcoholic beverages are regulated by the North Carolina General Statutes, City/County codes and policies of the College. All members of the College community are obligated to obey these laws, rules, ordinances and policies. The College does not have the right or authority to alter the laws and ordinances or secure exemption from them.

**Drug and Alcohol Policy Published in the College Catalog**

The drug and alcohol policy PM 2.17 is more employee focused than student focused. The policy outlined in the College Catalog uses the same language from PM 2.17 but more clearly defines the expectations of students and the consequences of violating the policy based on the Student Code of Conduct. The text from our College Catalog is included below:

The users of drugs or alcohol may impair the well-being of all employees, the students and the public at large; drug and alcohol uses may also result in an injury or damage to College property.

Students are expected to conduct themselves in accordance with generally accepted standards of scholarship and morality. The purpose of this code is not to restrict student rights but to protect the rights of individuals in their academic pursuits. The following regulation relating to alcohol and drug use is set forth in the Student Code of Conduct:

“Possession of or use of alcoholic beverages or being in a state of intoxication on the College campus or at College sponsored or supervised functions off-campus or in College owned vehicles. Student Activities

Student Government Association hosted a drunk driving simulator called “Save a Life” in 2012, 2013, and 2014 to show the dangers of driving under the influence and show that there are alcohol-free alternatives. This simulator gave the students a realistic perspective of the effects of driving while intoxicated. This program also incorporated high intensity videos which played during the demonstration.

All student activities are alcohol-free events. There are a number of student activities throughout the year that encourage student participation while in a fun alcohol-free environment. A sample of student activities that took place over the last two years include fall fests, spring flings, club month activities, movies on the lawn, clearly crystals, comedians, speakers, etc.

In addition, our Instructional division offers a number of safe driving courses. “Alive at 25” is a program that if you have been charged with one of the traffic violations listed below, the Alive at 25 (Yellow School) Defensive Driving Program may prevent the assessment of insurance points or premium surcharges on your insurance policy and/or points on your driver's license. Also, “StreetSafe” is a 4.5 hour course that is taught by law enforcement and fire personnel. Under their supervision, students witness and experience: Speed Control, Tailgating, Distractions, Alcohol Education, and Seatbelt Convincer. There are also discussions for both young drivers and their parents with Court Officials.

Development of a Wellness Committee
The college implemented a Wellness Committee in spring 2012 which is a subcommittee of the Safety and Health Committee. This committee promotes health consciousness throughout the campus.

III. Counseling Services

The counseling staff at Johnston Community College provides educational, vocational/career, and personal/social counseling services. Counseling is available for all prospective and current students. JCC encourages faculty, staff, and students with alcohol or other drug dependency problems to contact Student Services or community counseling centers for referral services or assistance.

In addition, a Health Resources brochure rack is located outside of Student Services with informational resources on alcohol and drug use.

IV. Employee Assistance Program

In 2013, JCC added the Employee Assistance Program as a benefit to employees. The program offers the following services related to our alcohol and drug awareness program: assessment and referral, short-term counseling, substance abuse professional services, wellness center, health risk assessments, wellness coaching, and nurseline.

V. Policy Distribution

All employees have access to email. Each student and employee receives a broadcast email notification to review all the college, Federal and State polices related to alcohol and drug use. Attachments of the policies are included. (See Appendix D) Also, the complete text of the Alcohol and Drug Policy of Johnston Community College is printed and can be obtained from the Offices of the Vice President of Student Services and the Human Resources Director. Additionally, each new student can access the on-line College Catalog and Student Handbook that describes college policy prohibiting the unlawful use of alcoholic beverages and the possession or sale of illegal drugs. The catalog outlines policies that govern the use of alcohol on campus and penalties for violations.

Each student and employee is emailed a copy of the Annual Security Report annually that includes a statement about the College’s Drug and Alcohol Policy and well as provides a
link to information on drug and alcohol abuse education. A hard copy of the newsletter is also distributed throughout campus. (See Appendix E)

In addition, the drug and alcohol policy, state and federal sanctions guidelines, drug use and effects table, and resources for assistance are posted on the college’s website on the General Information page under Consumer Information.
