“Johnston Community College is accredited by the Commission of Colleges of the Southern Association of Colleges and Schools to award the associate degree, diploma and certificate.”

Accounting

Program Description

The Accounting curriculum is designed to provide students with the knowledge and the skills necessary for employment and growth in the accounting profession. Using the “language of business,” accountants assemble and analyze, process, and communicate essential information about financial operations.

“The State Employees Credit Union has several JCC students that have worked and still work for us. These students have done very well with us and we have been very pleased with their attitudes and their abilities coming in to the business world. I know that their curriculum at JCC prepared them well for the business work place and we will continue to hire these students in the future. We are proud that JCC plays a vital role in the community and provides not only the Credit Union, but all businesses with well educated people that can come out and get the jobs done.”

Patti Hooper
Senior Vice President

Reasons to consider Johnston Community College for a Latent Evidence Degree:

- Easy class accessibility with day and online classes
- Full or part-time schedules
- Diverse student body
- Job-link Career Center on site
- Increased income earnings
- Beautiful scenic 100-acre campus
- Inviting atmosphere with low student to teacher ratio
- Reasonable tuition with potential for financial aid
- **On average, for every full-time year a JCC student attends college he/she will earn approximate additional income of \$3,535 per year.**

“I began attending Johnston Community College in August of 2001 after receiving my high school diploma. I started out in the college transfer program but decided that the Accounting and Business Administration program would be a better fit for me and my career. I graduated with my Associates in Accounting and Business Administration in May 2006. I attended Johnston Community College part-time while working full-time with the State Employees’ Credit Union. I very much enjoyed attending Johnston Community College; it was a wonderful college experience. The instructors are very informative, encouraging, and very helpful. If I had to do it all over again I would definitely make the same choice. I am currently finishing up my four-year bachelors degree in Management and Organizational Development so that I may advance my career opportunities with the State Employees’ Credit Union.”
