Fabrication

Testimonials

Read what students are saying about the welding program:

I am in my third semester and have enjoyed all the projects and activities involved in the welding program. I have learned a lot about welding. The school has helped me improve my skills.

—A. Sutton

I am in my first semester in the welding class at Johnston Community College. The instructor is very knowledgeable and has made the class enjoyable. Whatever career I pursue I feel that welding will be something I can use.

—J.M. Booker
