

STUDENT HEPATITIS B VACCINE DECLINATION

I understand that due to my exposure to blood and other potentially infectious materials in the clinical setting, I may be at risk for acquiring Hepatitis B virus (HBV) infection. I have been advised by faculty of Johnston Community College to be vaccinated with the Hepatitis B vaccine prior to clinical experiences. However, I decline the Hepatitis B vaccination at this time. I understand that by declining this vaccine, I continue to be at risk for acquiring Hepatitis B, a serious disease.
